Five hundred automobiles parked in a full field, more than 100 cars in addition scattered around the grounds and out Washington street, street cars loaded with people going to the grounds for five hours, buses and taxicabs and boats filled—these tell the story of the community picnic crowds. It is estimated that 12,000 people were visitors at the picnic at Riverside park Wednesday. That was a success is generally admitted.

Hundreds Watch Tanks. The army tanks from Camp Grant proved an immense attraction. The 11-ton, fully equipped, war-painted little steel forts climbed hills, bowed over trees a foot through, cleared out some ground for the

Officials Pleased. Officers and directors of the Chamber of Commerce today expressed their pleasure over the success of the day. From Manager Harmon came an announcement of thanks of the Chamber to everyone who attended, and helped make the innovation the success it was.

Members expressed themselves as delighted with the behavior of the crowds, the absence of accidents, either on the grounds, the river, or the highways leading to the park.

Riverside park management, loosened huge boulders, dragged trees from the place where they fell to other locations and like a huge dinosaur romped around the hills.

There was a continuous concert by the three bands. The crowds had no death of music. The Bower City, Edgerton and Evansville organizations, and the Bower City band gave a concert in court house park. During the afternoon there was one of the most popular of the day, the Bower City band gave a concert in court house park.

Those not restored are at the Chamber of Commerce rooms. Only one case of serious injury was reported. Several men sitting by the roadside in the grounds were insulting women. One was evidently drunk. He was taken to a hospital. He left there upon recovery a few minutes later.

Janesville and Rock county are to be congratulated upon the new industries that are developing so wonderfully here, but lack of this development, and in large measure the cause of the unemployment, is the lack of the spirit of the citizens, and I'm inclined to think that the spirit of cooperation and the love and whose prosperity and wellbeing they desire to promote."

(Continued from page 1.)

autos was filled. Then other cars had to be used back and forth in front of Washington street, in front of Oliver cemetery and in adjacent fields.

Feeling the crowd getting another job, hundreds came without baskets, but there were plenty of food stands to supply the demand.

Lost babies and lost trunks were the biggest tragedies of the day.

Has Lunch Stolen
One happy Italian mother set her basket of lunch under a tree while she took her baby to the picnic.

When she returned the lunch was gone. Red and perspiring under her hat, she ran frantically here and there begging and beseeching in her native tongue to help her get her lunch back to her.

For walls and pleas were of no avail. "The Meaneest Man" had made a good get-away, and seven disappointed people returned to town for supper.

Kiddies by the dozen were lost and found. One young mother collapsed after an hour's search for her little year old son. But some friend found him awaiting imperturbably at the headquarters tent for his mother to come and get him.

Rittenhouse, proprietor of the Hayes block barber shop, to take two men to jail.

The car, attempting to pass another machine on the rough road inside the park, slid down the bank and lodged against an electric light pole. The machine was towed to the police station where the driver left the key with the information that somebody else, not he, would have to pay for the damage the car sustained.

like oranges? Drink ORANGE-CRUSH

THE game over—then a quick, sure putt to a long, cold drink of Ward's Orange-Crush! Good? You bet it is!

There are few golf clubs in which Orange-Crush and Lemon-Crush are not the favorites at the "19th hole." Quality, purity and flavor have won this tribute—golfers drink only the best. There is satisfaction in knowing that all the delicious flavor comes from the delicate, fragrant oils pressed from the fresh fruits, purest sugar, and citric acid—the natural acid of oranges and lemons.

Picnic Sports Drew Big Field; Samsons Lose to Fairies, 9-7

Number of Competitors Features Day; One-Armed Runner Springs Surprise

Surprises and revelations featured the sporting program of the community picnic held at Riverside park yesterday. Despite makeshift arrangements because of poor and inadequate grounds, every event went off smoothly and with a snap, keeping the huge crowds interested throughout.

From shortly after 1 o'clock, when the ball game was started, until 2:45, the field along the river bank at the rear of the automobile parking grounds was kept alive with straining contestants—boys, girls and men. As soon as Senator Lenroot finished his speech at 4 o'clock, the swimming and water events were started from a barge anchored along the river, the tug-of-war was staged and the nail driving contest for women got under way.

Dresson, One-Armed, Wins
Although no great attempt was made to get entries ahead prior to the picnic, the number who took part was far larger than anticipated. The compensation under such conditions was not even, but on the whole the races of yesterday were close.

The startling surprise of the day was the running race of the one-armed runner, who, in the opinion of the American Legion team was left far in the rear and the pick-up bunch walked off with the first prize.

So many boys went into the 100-yard dash, boys under 16, that two heats were necessary to narrow down the field. This was the hardest race of the day. Raymond Cullen, a youthful athlete of this city, topped the first prize.

One of the most interesting events of the day was the nail driving contest for women. Held on the speaker's platform, the contest was a success. Each woman had to drive a nail into a block of wood. In the final, two ties had to be run off. In winning this event, Miss Mary Clough, of Janesville, 7, proved a revelation not only to the women but to a great many of the men present. When she drove a two-inch nail through a two-inch plank with three strokes in the first heat, it was thought she had struck a piece of soft wood. But in the final, she once more sent the spike home with three blows.

Considerable rivalry was displayed in the tug-of-war between teams representing the producer and the consumer—farmer and cityman. The farmers won the event on the first pull, but dissatisfaction among the city men caused R. T. Glasco and John Kohler, judges, to order another pull. Then again the farmers won, while the city men were left for three tugs, the members became so scattered that they could not be found although an announcer called them through the loud speaker for them.

Water Events
The girl's swimming race, which was not held until late in the afternoon after numerous attempts had been made to get entries, proved a triangular battle between three youngsters, the oldest of which was 14 and the youngest 10. After a stiff battle, Frances Daly got first, Margaret Connell took second and away from her older sister, Ethel.

One of the prettiest races of the day was the water polo. Won by E. S. Saxon and W. H. Fern, Fern also took first in the long distance swim. Success of the day was due largely to the efficient aid lent by the officials. C. E. Linden, supervisor of playgrounds in the city, acted as starter and sent the men off easily on every race.

Starters—Linden and Corrado.
Judges—Kohler, Croak, Soiman, Glasco and Welsh.
Guard of course—Duddington and Sinclair.
Clerk of course—Dearborn.

Summary of events:
